Dr. Larry Nickel

There's nothing like a near death experience to cause a person to rethink priorities. I nearly went to meet my Maker in 1989 - via viral encephalitis. Waking from a coma after 15 days, I decided to become more earnest as a composer. Over the next thirteen years I wrote and arranged over 100 pieces for the West Coast Mennonite Chamber Choir. Two out of our thirteen CD projects were devoted to music I heard while attending the Mennonite Church as a child. Here are some other titles available to choirs.
